Heins Telephone Company

General Information For Subscribers

CLASSIFICATION OF AREAS AS THE BASIS FOR FURNISHING TELEPHONE SERVICE—Economical operation of the telephone business, to secure protection to the whole body of rate payers and to the business itself, requires that the property be built and operated in accordance with a definite plan under which specified classes of service are regularly furnished in specified areas or types of areas. The Telephone Company therefore does not undertake to furnish any desired class of service at any desired location, nor does it undertake to extend its plant to remote sections where such extension is not warranted by public necessity as distinguished from personal desire except where protection is afforded. The general plan for furnishing telephone service as authorized in the General Tariff is based on a classification of areas by types for the determination of the classes of service available and for the application of rates.

APPLICATION FOR SERVICE—The initial application for telephone service must be made on the company's standard application form, and signed by the applicant or his duly authorized agent, to whom service is to be billed. Applications for additional service may be made either orally or in writing and is considered as forming a part of the initial application. The company reserves the right to refuse service to any applicant that is found to be indebted to the company for service previously rendered.

VERBAL MESSAGES—The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connection. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.

COMPETITION—All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering or collecting any message, where any toll or consideration has been or is to be paid by any party other than the Telephone Company without the written consent of the Company.

ERRORS IN TRANSMITTING—In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments.

TELEPHONE NUMBERS—The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office and the Telephone Company may change the telephone number of the central office designation whenever it deems it desirable in the conduct of its business.

LOCAL MESSAGES—A "Local Message" is a communication between stations bearing the designation of the Central Office districts within the same local service area.

PREMISES—The term "Premises" is defined as the building or portion of a building owned or occupied by the subscriber in the conduct of his business or as a residence.

MOVING EQUIPMENT—The subscriber shall not disconnect or remove, or permit others to disconnect or remove from the premises any equipment and lines installed by the company. Subject to the rates and charges applicable, the company will move, upon request of the subscriber, its equipment and lines to any accessible point served by the exchange with which it is connected.

OWNERSHIP OF EQUIPMENT—Instruments and lines on subscriber's premises furnished by the company shall be and remain the property of the company.

MAINTENANCE—All ordinary expense of maintenance and repair, unless otherwise specified in the company's schedules, is to be borne by the company. If any instrument or piece of apparatus is destroyed or injured otherwise than by unavoidable accident, the subscriber is to pay the actual cost of replacing or restoring the same to its original condition.

NOTICE OF CHANGING LOCATION—Ten days' notice for changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm or name or business, for corrections in the following issue of Drectory.

ENTERING SUBSCRIBER'S PREMISES—The company's representatives shall at all reasonable times have the right to enter the premises of the subscriber for the purpose of making connections or to inspect and repair the instruments and lines and, upon termination of the service, for the purpose of removing such instruments and lines.

RIGHT-OF-WAY—The company shall not be required to furnish nor be held liable for failure to furnish service where for any reason it has been unable to secure or continue in use its private right-of-way over a direct route then deemed expedient by the company.

EXCESSIVE USE OF PARTY LINES—When party line service is furnished, the Telephone Company may in consideration of the rate at which service is furnished establish and furnish service to one other subscriber in the case of two-party line service, and other subscribers in the case of multi-party (more than two-party) line service. The Telephone Company reserves the right to cancel any two-party line or multi-party line contract, upon thirty days notice, whenever in the judgment of the Company, the use of the subscriber holding such contract is such, from large use or other causes, as to interfere with the reasonable use of others connected with the same line.

LIMIT TO USE OF PARTY LINES—Continuous use of party line by any station on the line must be limited to five minutes, whether the party using the station made the call or was called.

CHOICE OF EQUIPMENT—The equipment used by the company as a means of furnishing service to its subscribers is restricted to standard types and sizes designed to render efficient service. Except where choice between wall or desk types of telephone set is offered, the company reserves the right to determine the size and type of equipment which shall be furnished in each application for service.

UNAUTHORIZED ATTACHMENTS—The telephone equipment, apparatus, and lines furnished shall be carefully used and no instrument, appliance, or device of any kind, not furnished by the Telephone Company, shall be attached to or in any way used in connection with such telephone equipment, apparatus, or lines. If any instrument, appliance, or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instruments, apparatus, or device and to suspend or discontinue service without any claim on the part of the subscriber.

No binder, holder or auxiliary covers shall be used in connection with any telephone directory furnished by the Telephone Company.

RESPONSIBILITY FOR MESSAGES—Subscribers are responsible for all charges for messages originating from or reversed to their telephone.

P. B. X. OPERATION—In the case of private branch exchange installation the subscriber shall furnish without charge to the Telephone Company, office room, light and heat, and the necessary employees for switching and the performance of operating service for said private branch exchange.

OBJECTIONABLE LANGUAGE—The subscriber shall not use, or permit to be used, profane, obscene or abusive language, or personate any other individual with fraudulent intent over the wires connected with his instrument, or use the same for any unlawful purpose.

ERRORS IN DIRECTORY LISTING—The Telephone Company issues directories to assist in furnishing prompt and efficient service and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors in and omissions of, directory listings, but they may occur and the Telephone Company will assume no liability for damages caused to a subscriber because of such errors or omissions. Likewise, the Telephone Company will not be a party to controversies arising between subscribers or others as a result of listings published in its directories.

SECURITY DEPOSITS—The Company may require from subscribers in all cases where it is considered necessary, a cash deposit or other satisfactory security in such amount as will in its judgment insure as far as may be practicable the payment of bills for telephone service rendered.

TERMINATION OF SERVICE—For any use of equipment or service, improper or contrary to the company's rules and regulations, the company reserves the right to terminate the service immediately, unless otherwise provided herein, upon written notice mailed to or left at the subscriber's premises.

REGULATIONS AND TARIFFS—The Telephone Company furnishes all of its various services and adjuncts thereto, subject to its published regulations and tariffs, a public file of which is located in the local Business Office. A representative of the Company will gladly lend assistance in securing information from such regulations and tariffs.

TERMS OF PAYMENT—The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's station, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.

All charges due by the subscriber are payable by the subscriber at the Telephone Company's Commercial Office or any other agency duly authorized to receive such payment. If objection in writing is not received by the Telephone Company within thirty days after the bill is rendered, the account shall be deemed correct and binding upon the subscriber.

NON-PAYMENT—In the event of abandonment of the station, the non-payment of any sum or any other violation by the subscriber of the Telephone Company's rules and regulations applying to the subscriber's contracts or to the furnishing of service, the company may without notice, either (a) suspend the service until all violations have ceased, or (b) terminate the subscriber's contract without the suspension of service, or (c) following a suspension of service, sever the connection and remove any of its equipment from the subscriber's premises.

RECONNECTION CHARGES—When service has been temporarily suspended for non-payment of charges, reconnection is made only upon payment of all of the charges due to date under the contract and in addition a reconnection charge of $1 is made.

RESIDENCE AND BUSINESS RATES—Any telephone that is advertised on stationery, in newspapers, or trucks, or in any other way than the one listed in the telephone directory, takes a business rate, no matter where the telephone is located.

JOINT USERS—Where two families or two business firms use the same telephone, the rate is $1.00 more a month than the regular rate for one family or one firm. This, of course, gives both families or both firms a separate listing in the telephone directory.

LONG DISTANCE SERVICE

TO MAKE A LONG DISTANCE CALL—Ask for "Long Distance." Give the operator the name of the town you are calling, the telephone number if known, or the name and address of the residence or business firm being called, followed by your own telephone number. If you wish to talk to a specified person, also give the name of that person.

STATION-TO-STATION SERVICE—A Station-to-Station Call is one on which you will talk with anyone available at the called telephone except when that telephone is connected to a private branch exchange switchboard and you specify a designated extension or department. Charges for these calls are based on an initial period of three minutes, except to points for which the rate is 25 cents or less, where the initial period is five minutes. Station-to-Station calls cost less than Person-to-Person calls, described below, because less operator labor and less use of long distance facilities are required to complete them.

PERSON-TO-PERSON SERVICE—A Person-to-Person call is one on which you specify a designated person, or an extension or department off a private branch exchange switchboard, to be reached at the called place. Charges are based on an initial period of three minutes. If the party cannot be reached directly by telephone, the operator, at your request, will arrange to send a messenger to summon the called person to a telephone. This will involve a small additional charge to defray the expenses of the messenger. Also at your request, the operator at no additional charge will make an appointment with the called party so that you can talk at a specified time.

NIGHT AND SUNDAY RATES—For both Station-to-Station and Person-to-Person calls special rates are in effect every night from 6 p. m. to 4:30 a. m. and all day Sunday. These rates are lower than corresponding week day rates on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls and in general 50 cents for Person-to-Person calls.

REVERSAL OF CHARGES—On both Person-to-Person and Station-to-Station calls reversal of charges is permitted without extra cost except on Station-to-Station calls of 20 cents or less for the initial period, which takes a slightly higher rate when sent collect.

CALL BY NUMBER—It will assist in furnishing the fastest long distance service if calls are placed by the telephone number. If you do not know the called number, give your call to the Long Distance operator in the usual manner and she will obtain the number for you.

RATE INFORMATION—If you wish to have the Long Distance operator tell you the cost of a call at the close of a conversation, notify her when you place the call.

SUBSCRIBERS ARE RESPONSIBLE for all charges for messages originating from, or reversed to, their telephones.

HEINS TELEPHONE COMPANY

SANFORD, N. C.

JONESBORO HEIGHTS TELEPHONE INFORMATION

HOW TO CALL A PARTY ON YOUR OWN LINE: You may identify another subscriber as being on your line if the third and fourth digits of his number are the same as the third and fourth digits of your number. To call a party on your line, dial his number in the usual manner. You will get a busy signal, since you are dialing on your own line; so push the hook down, but keep your receiver to your ear. Then either your bell will ring, or you will hear a faint ringing sound on your line, which shows that the number you called is ringing. When this sound stops, the other party has answered; so lift your hook and talk.

BROADWAY EXCHANGE

LOCAL AND LONG DISTANCE CALLS: To get long distance to any point including Sanford, dial No. 0. A call to any point outside of Broadway over No. 0 will be considered a long distance call. To get local calls, dial No. 9. There will be no charge for this service—but each message will be limited to six or seven minutes with an automatic cut-off. You will get a warning with a buzzing sound before it cuts off. The toll rates to Sanford will be ten cents for the first five minutes and five cents for each additional three minutes.

HOW TO CALL A PARTY ON YOUR OWN LINE: You may identify another subscriber as being on your line if the first two digits of his number are the same as the first two digits of your number. To call a party on your line, dial his number in the usual manner. You will get a busy signal, since you are dialing on your own line so then push the hook down, but keep your receiver to your ear. Then, either your bells will ring, or you will hear a faint ringing sound on your line, which shows that the number you called is ringing. When this sound stops, the other party has answered, so lift your hook and talk.

Share and Share Alike

★

Party line subscribers who are willing to "Share and Share Alike" find most of their party line problems are solved. That means—

- Keeping conversations reasonably brief —someone may be waiting to call out or in—on your line.
- Allowing intervals between calls.
- Replacing the receiver properly when finished.

Such thoughtful consideration assures everyone on the line a fair portion of its use—and a more prompt and efficient party-line service.

It pays to be thoughtful.

DIRECTORY FIRST--

DON'T TRUST YOUR MEMORY ON TELEPHONE NUMBERS

It takes ten to twelve seconds, at the most, to consult the directory — ten or twelve seconds spent as insurance against inconvenience and delay, both to you and to the one called in error.

SANFORD, N. C.

BROADWAY JONESBORO HEIGHTS

Classified Telephone Directory

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. The Telephone Company assumes no responsibility or liability for errors or omissions occurring in the Classified Telephone Directory. Errors or omissions will be corrected if reported by letter to the Company.

Corrected Through June 1, 1953
